Staff Assignments:

John Mueller, P.L.S. – Project Manager

Donald Bertrand – Sr. Design Technician – Plat development

Project Scope:

Fleming, Andre & Associates, Inc. provided updated title work and base mapping for approximately 70 remaining parcels on the transportation project plat along Belknap Street from Banks Avenue to Hill Avenue in the City of Superior, WI.

Deliverables included verifying the existing property corner evidence and survey within the defined project, providing last deed of record, tax information and existing property lines for all parcels within the defined project, providing existing center line alignments and right-of-way limits for all streets within the defined project, and mapping the information tied to the Public Land Survey System and/or City of Superior Monuments.
