

## CTH H (2011)

**Client:**

Washburn County Highway Department

**Project Number:**

N/A

**Location:**

CTH A to USH 53  
Washburn County, Wisconsin

**Client Contact:**

Washburn County Highway Department  
1600 CTH H  
Spooner, WI 54801  
715-635-4480

**Staff Assignments:**

Matt Gundry, P.E. – Project Engineer  
Donald Bertrand – Plat Development  
Ryan Jarvis, E.I.T. – Civil Engineer

**Project Scope:**

The Washburn County Highway Department contracted with Fleming, Andre and Associates, Inc. in 2008 to prepare plans for the reconstruction of CTH H from USH 53 to CTH A. This 1.82-mile long project is located adjacent to Spooner Lake as well as numerous wetlands and other sensitive resources. Two plans were created for this project: a grading plan to be administered by Washburn County Highway Department, and a paving plan, which included the gravel and asphaltic surfacing of the project, to be let under the Wisconsin DOT Surface Transportation Program.

This project was constructed in 2012.
