Staff Assignments:

John Mueller, P.L.S. – Project Leader
Donald Bertrand – Support Staff

Project Scope:

Fleming, Andre & Associates, Inc. provided construction inspection, materials sampling, measurement of quantities, project record keeping, and the completion of project finals for this urban to rural resurfacing project on 1.252 miles of USH 53 in the City of Eau Claire, WI.

Work on this high complexity project included removing asphaltic surface milling, concrete pavement repair, HMA pavement, asphaltic surface, beam guard, concrete sidewalk, erosion control, traffic control, pavement marking, permanent signing, traffic signals, ramp gates, sign structures and incidentals. Due to the high traffic volumes in the area, a majority of this work was completed at night.
