Staff Assignments:

Mathew Adams – Project Leader

Project Scope:

This project involved the urban bridge replacement of Structure P-41-0716 with Structure B-41-0307, a two span flat concrete slab bridge, on East Main Street over Beaver Creek in City of Sparta. Fleming, Andre & Associates, Inc. provided construction inspection, materials sampling, measurement of quantities, project record keeping, and the completion of project finals.

Major items of work consisted of grading, base aggregate dense, concrete pavement, HMA pavement, storm sewer, concrete curb and gutter, concrete sidewalk, removing the existing structure, constructing structure B-41-0307 and all incidental items necessary to complete the work as shown on the plans.
